Please place in CPCBC records. Check with Mick on when he will have the minutes ready and organise JOINT meetings of all BUPs that need to attend to grant and accept these remaining easements if this is required, otherwise confirm what happens next please.

Dear John

Carpark Easements

I sent you a copy of the email that I wrote to Mick Lyons on 28 September 2004.

I followed up with Mick by telephone today and he advised me that he is following the Section 203 approach and does not require anything further at this time.

In particular, he said there was no need for me to follow up with Devine Limited for consent regarding the release of information from the original file, as he believes that it may become irrelevant.

Under those circumstances would you please give me your instructions as to what you want me to do. Should I sit tight as Mick Lyons has suggested, or do you wish me to follow through on the archaeological exercise?

Yours faithfully
NICOL ROBINSON HALLETTS
