Pat,

I am preparing a response to Sussan Jacobs, the Department in house solicitor to try to persuade her to change her mind first. Subject to that, I will brief a QC for the required opinion and advise you further. Thanks you for your instructions.

Regards

Mick Lyons

Dear Mick,  
further to your recent call to John Gilliland and advice on your conference with the representative of the Minister for Local Govt, we advise that the CPCBC herewith instruct that you brief a QC who practises in this area, and who is highly regarded by the Minister , and obtain the required clarification on the particular interpretation of the legislation as outlined.  
Should the QC's opinion be favourable the CPCBC further instruct that you then prepare the enabling By-law, have it approved by the relevant BUP and the CPCBC, and then submit to the Minister for consent.

Kind Regards
